

HCLG MEMBER'S CHARTER

Our mission is to unite stakeholders across the construction industry to identify and share technical innovation, design choices and best practice prevention and support services; to develop consistent standards; and to communicate and promote these across the industry.

Treating Health Like Safety: Member's Charter

As members, we ask that you:

- **Drive** health and wellbeing in your organisation and commit to advancing health risk management for your people using tools such as a maturity matrix;
- **Embed** best practice examples of risk elimination in design, innovation, and support services following the hierarchy of control;
- **Promote** the work of HCLG, and best practice examples through your own organisations and networks considering inclusive design and solutions;
- **Deliver** a health improvement plan in your organisation that positively impacts industry and supports improved, consistent, industry-wide health standards;
- **Join** focus groups, contribute to meetings, and deliver action.

Get Involved:

To help you promote your involvement with the HCLG, we have created logos and social media banners, which you should receive when you become a member. The website also hosts some fantastic resources, which we hope will help you to drive positive change and share best practice on site. If you would like to contact us or contribute a case study to the HCLG website, please email us at healthinconstruction@outlook.com. Periodically, you will receive email updates from the HCLG, and invitations to events that we hope you can join! You can also follow us on LinkedIn and Twitter, or share our [YouTube video](#).
